2023 Trauma Conference

September 22, 2023

This conference is a one-day educational opportunity to provide current issues and trends related to the trauma patient.

Objectives

1. Identify and screen domestic violence patients
2. Properly care and advocate for domestic violence patients
3. Understand history and development in trauma surveys
4. Compare the primary and secondary surveys in different trauma modes
5. Recite common pitfalls in the trauma assessments
6. Understand benefits of POCUS (ultrasound) in EMS to assist with proper hospital destinations
7. Understand common patterns of self and peer mental distress
8. Describe two methods of mental health first aid to self-perform or coach in a time of crisis
9. Understand indications for ED thoracotomy
10. Review ED thoracotomy procedural steps and roles
11. All learners will have an awareness level understand of the medical component resources available during a type 1 FEMA urban search & rescue deployment
12. All learners will have the ability to cite one change or validation in their clinical or operational practice from urban search & rescue medical component doctrine and practices

Who should attend

Nurses, pre-hospital clinicians and all healthcare providers involved in the care of trauma patients.

Accreditation

This activity has been submitted to the Maryland Nurses Association for approval to award 6 contact hours. The Maryland Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Pre-hospital care clinicians

6 hours of MIEMSS credits will be awarded at the completion of the conference.

Conference location

TidalHealth Peninsula Regional, 100 E Carroll St, Salisbury MD 21801 will be the site for TidalHealth Topics in Trauma Conference. The conference will be located in Hallowell A, B, and C. **TidalHealth Peninsula Regional is a smoke free campus.**
